A statement of reasons for allowance follows. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

The prior art references of record do not disclose or suggest an apparatus including relatively movable light guide parts to adapt to the thickness of a cover element, in combination with all the other elements recited in sole independent claim 23. Several references disclosing generally related structure are cited on the attached PTO-892 form. It is noted that US 2006/0232997 does not qualify as prior art against the present application.
